

## Eco –Committee Council Meeting – 19/10/15

### Election of committee members

- President: Liam
- Vice President: Chloe
- Secretary: Paige

Committee conducted an environmental review:

Energy, Litter, Recycling, Water, Transport, Healthy Living, Biodiversity, Global citizenship, Green Procurement.

After looking at the results, the eco-committee decided that Energy and Recycling would be good areas to focus on for the school.

- For next meeting Mr Aspden has asked the committee to come up with ideas for a school eco code

Eco- Committee Council Meeting – 19/11/15

Discussion of what an eco-code should have

The committee looked at other schools eco codes.

It was decided that they would like to use an acrostic poem for our eco-code.

Eco-committee brainstormed ideas for an eco code.

Below is the eco code the committee came up with:

- **E**veryone cares for the environment
- **C**ollect your litter from the floor
- **O**bserve and look after your surroundings
- **C**omplete your way to school with walking
- **O**nly use water when it's needed
- **D**on't waste electricity
- **E**veryone follow the eco-code
