Come to our Parental Showcase in the school hall on 26th November at 2.45pm.

We are Learning

Maths

In Year 6 we are looking at numbers up to millions and using addition, subtraction, multiplication and division. We will look in depth at fractions and start to have a greater understanding of position and direction.

English

In English this term we are looking at the stories Carries War and... We will also write newspaper reports about the Blitz and play scripts. In poetry we will focus on personification poems and simile and metaphor poems.

Science

The Science topics this term are Electricity and Light. We will look at making different circuits and use these in our DT project and find out about how light travels.

Geography/History

Our first topic in Year 6 is about World War II. We will find out about key event from this time and learn about the different nations involved.

Art/Design Technology

In Art and DT we will look at drawing people in motion taking inspiration from L.S. Lowery. We will also use our DT skills to make a model air raid shelter.

Computing

In computing we will be finding out about making an interface for an app. We will also learn about using software to carry out market research.

PSHE

During RSE we will be looking at Rules, Rights and Responsibilities. We will also look at building healthy relationships with each other.

French

During the Autumn term in French we will revise some common word we know and start to understand word order, using colours, in French sentences.

Music

In music we will be learning to sing the song, I'll be there. We will also look at Jazz music and improve our music skill learning to play in time to the rhythm.

PE

During Autumn term, we will be doing dance and gymnastics. We will look at traditional style of dance from WWII and learn to move in time to the music

RE

In RE we will be finding out about Judaism and Christianity. We will find out about key events in Judaism and learn about important symbols to Christians at Christmas time.
