**A few words from Mr Steve Smith – Chair of Governors**

As governors we have worked hard over the last year to improve our skills in challenging the Headteacher and being her 'critical friend' to support her and the team to raise standards across school. To do this, we have attended training run by the Local Authority for governors, we have been given specific information/training on safeguarding, assessment, data analysis, curriculum design, immersive classroom environments and much more by the Headteacher and Deputy Headteacher.

Governors have met personally with Subject Leaders to gain an insight into their roles and responsibilities and to talk about their aspirations for the forthcoming year. Governors have also been encouraged by the Headteacher to come into school and to drop into classrooms to see what is happening daily. Governors have been invited to INSET days and events through-out the year which has helped as governors to give us a more in-depth knowledge of the day-to-day running and management of the school. It has also enabled us to see what we hear at governors' meetings in practice and talk to the children and staff. Annually we have a Governor training day where key staff talk to us about the curriculum and school. At the end of the day we come up with some strategic priorities which we focus on throughout the year. (Please see below)

Mrs Appleby and her team have high expectations for the children socially, emotionally and academically and this shows in the strong results they achieve every year. We are very proud of the results achieved by all the children across school again this year.

I always enjoy going into school for a walk around as it is a pleasure to see the children learning. I particularly enjoyed going into 'Happy Street', our new permanent role play area for the children. It was so lovely to watch the children learning whilst having fun. There were so many smiling faces. I witness this over and over again around school with the Immersive classrooms, visits and visitors helping children to focus on their topics and bring their learning to life. The children are always very keen to talk to me about this. I know that visitors to the school always comment on the friendly, warm environment and the excellent behaviour of the children.

All the governors are extremely pleased with our Headteacher and her team of dedicated staff who work tirelessly to provide our children with the best education in order for them to reach and exceed their own individual potential.

I am very proud to be the Chair of Governors of such a forward-thinking school where in the words of our Headteacher 'Children are at the heart of everything we do'.

Mr Steve Smith  
Chair of Governors
