

## Kincraig Sports Premium 2023-2024

Total amount carried over from 2022/2023	£ 0
Total amount allocated for 2023/2024	£ 17800
How much (if any) do you intend to carry over from this total fund into 2024/2025	£ 0
Total amount allocated for 2023/2024	£ 17800

## Swimming Data

Please report on your Swimming Data below – Taken from the academic Year 2022-2023

Meeting national curriculum requirements for swimming and water safety. <b>Due to exceptional circumstances priority should be given to ensuring that pupils can perform safe self rescue even if they do not fully meet the first two requirements of the NC programme of study</b>	
What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres? <b>N.B.</b> Even though your pupils may swim in another year please report on their attainment on leaving primary school at the end of the summer term 2020. Please see note above	86%
What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]? Please see note above	71%
<b>What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?</b>	71%
Schools can choose to use the Primary PE and sport premium to provide additional provision for swimming but this must be for activity <b>over and above</b> the national curriculum requirements. Have you used it in this way?	No

## Action Plan and Budget Tracking

Capture your intended annual spend against the 5 key indicators. Clarify the success criteria and evidence of impact that you intend to measure to evaluate for pupils today and for the future.

Academic Year: 2023-2024		Total fund allocated: £	Date Updated: 01/10/2023	
Key indicator 1: The engagement of <u>all</u> pupils in regular physical activity – Chief Medical Officers guidelines recommend that primary school pupils undertake at least 30 minutes of physical activity a day in school				Percentage of total allocation:
				%
Intent	Implementation		Impact	
Offer a range of sporting clubs and activities over the lunchtime period for children in KS1/KS2 to access. Increasing stamina and fitness level and the amount of daily sport.	Continue to work with BFC/Rugby on offering additional sports activities during lunch times and throughout the school day.	£2500	Increased participation in lunchtime sporting activities. More children having opportunities to participate in sporting activities, led by professionals.	14%
In 2023-2024, we used sports premium money to work with different companies to provide additional sporting clubs over the lunchtime period. Fylde Rugby club came into school and whilst working with children through the Rugby Reading program, they also carried out an additional Rugby lesson over the lunch period for children in KS1 and KS2. Blackpool Football club came into school and worked with the children on their Fitness and fit2go programmes. We also carried out football sessions for children in Key Stage 2.				

To develop a running track around the school grounds which supports the development of not only the daily mile but athletics.	To design a running track around the school yard/playing field to support the implementation of the daily mile and to increase engagement in more physical activity over lunch/break periods.	£6300	Children will have access to a daily mile track which they will be able to use and access over lunch and break times, before and after school and as part of their PE Sessions.	35%
<b>Evaluation:</b> Unfortunately, we did not manage to complete this in the academic year 2023-2024. We have carried this money over to the next academic year where will we install a track and play ground equipment.				

Key indicator 3: Increased confidence, knowledge and skills of all staff in teaching PE and sport				Percentage of total allocation:
				%
Intent	Implementation		Impact	
To develop staff's knowledge and understanding of how children develop and progress within PE and look at different teaching methods and activities that can be used within schools.	Teachers to access support from Blackpool Schools Sports and other training providers to develop their own knowledge and understanding and access PE CPD.	£1000	Staff will be able to access training with specialists to de	5%
Funding was used to support staff in the delivery of the PE curriculum with specific focus on developing Rugby and Football.				

Key indicator 4: Broader experience of a range of sports and activities offered to all pupils				Percentage of total allocation:
				%
Intent	Implementation		Impact	
To support the children in KS2 with learning to stay safe when riding a bike. Support access to children completing the Bike Ability and Cycling Proficiency programmes.	Children in Year 5 will be understand the importance of road safety and be able to use their bikes outside of school, allowing them to be more active.	£500	Children in Year 5, will be confident to ride their bikes outside of school.	3%
In the academic year 2023-2024, 29 children in Year 5 accessed Bike ability and completed a 2-day training course looking at the Bike ability program levels 1 and 2. All children were given the opportunity to learn to either ride a bike or use a bike safely when riding on the road. School supported the hiring of bikes and helmets and ensured each child had the correct equipment which allowed them to participate.				
To support the younger children in EYFS with learning to ride a bike by looking at the Bikeability, Balance Bike programmes.	Children will participate in sessions to develop their balance and co-ordination when riding a 2-wheeler bike.	£500	Children across EYFS will be more confident in the skills needed to ride a bike. Younger children will be able to balance and co-ordinate whilst older children can ride independently.	3%
In the academic year 2023-2024, The EYFS introduced their own version of the 'Learn to Ride a Bike' program across Toddlers and Pre-School. Initially working with scooters and balance bikes, staff worked in sessions with small groups to improve their balance and co-ordination skills before transferring to a two-wheeler bike. This is something that is on-going and will continue to be enhanced going forward.				

### Key indicator 5: Increased participation in competitive sport

Percentage of total allocation:

%

#### Intent

#### Implementation

#### Impact

To increase participation in competitive sporting activities across Blackpool by providing school transport to and from events.

To cover the leasing contract of the school mini-bus and pay for fuel and expenses.

£7,000

Children who do not have transport facilities will be able to participate in more competitive sports.

40%

**Evaluation:** School leased a mini-bus for the academic year 2023-2024. This was invaluable and supported children to attend a range of Sporting events across Blackpool and the Fylde. The children took part in Outdoor Adventurous activities, Cross-Country Running events, Youth Games, Orienteering, Dance festivals, Fit2Go, Fit2Glow and a range of inter schools sporting events at no additional costs to parents and families. This was open to all children across Key Stage 1 and 2. It allowed us to access facilities at the local sixth form colleges, the main sports centre at Stanley Park and the local sports centre at Moor Park. As a result, not only did this increase the children's participation in competitive sports, it allowed us to successfully aim and achieve Schools Games Mark Gold in recognition for our participation. This is something KinCraig has not previously been able to achieve. Due to the success of this in 2023-2024, the school will look to lease two minibuses in the academic year 2024-2025, to allow more classes and larger groups of children access at the same time.
