

Places to Visit

Fleetwood Museum is close to us and has lots of artefacts about life on the sea.

Lancaster Maritime Museum also has a history of Life on the Lancashire coast and some interesting artefacts to look at.

Useful Websites

Oxford Owl—This is a great website to use for information for parents and activities for children. It also has a free library of ebooks for children to read. (You will need to sign in for free).

BBC Bitesize—Updated with lots of clips to help explain the work.

Things to do

No explorer is complete without their own binoculars. Try making your own pair to play with.

Could you make your own 3D collage picture like this one.

We'd love to see your creations.

Parent Showcase:

Explorers

Year 2
Summer Term

We Are Learning

Maths

Year 2 in the Summer term will be looking at Position and direction, Problem Solving, Time, Measurement and Investigating in maths. During this term we will also be working hard preparing for the key stage 1 SATs.

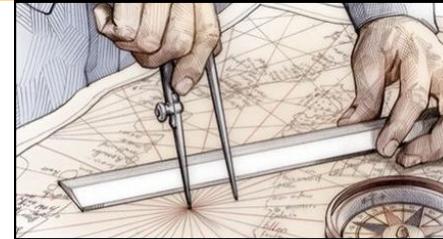

Computing

In computing we will start to look at programming and begin to understand coding. We will also look at computer games and test

Science

The Science topic this term looks at Living things and their habitats. We will learn about what plants and animals need to survive in their habitat.

English
In English this term we are looking at the Traditional Tales, Instructions and Commands, Performance Poetry, Persuasion Texts and Stories by Significant Authors. During these units, we will improve our writing in preparation for Year 3.

Geography/History

Our Summer topic in Year 2 is Explorers. We will learn about the past and learn to research different events from the past. We will focus on Christopher Columbus and his discovery of America.

PSHE

During PSHE we will be looking at Healthy Lifestyles, Keeping Safe and Money. During these units we will find out about looking after our bodies and keeping clean. We will also start to learn about saving money.

Art/Design Technology

In art this term we will be looking at Printing and Painting. We will look at some different types of printing and mixing colours to make shades and tints. In DT we are going to focus on axels and wheels and make some moving vehicles.

RE

In RE we will be learning more about Christianity. We will focus on the church and what features you can find in a church. We will also learn about Judaism, focussing on special times and celebrations. We will find out

PE

During the Summer term we will be looking at games. During the term we will look at working together in teams and developing our skills in rolling, hitting and kicking in different games.

Music

We will be looking at a song called the Friendship song. During the term we will continue to play in time to music and learn about the pitch of the music.
