

Places to visit

Clitheroe Castle dates back to the medieval times and is a good example of the type of castle that was built in Anglo-Saxon Britain after the occupation of the Vikings.

If you want to find out more about the Vikings then you need to visit the capital city of the Vikings in Britain. York.

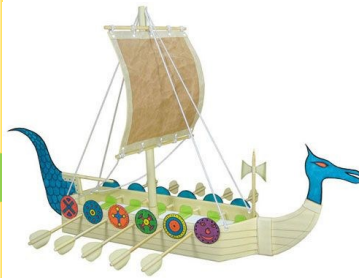

The Jorvik Viking Museum takes you back in time to see what life was like during this time.

Useful Websites

Jorvik Viking Centre—The website for the museum in York has lots of online resources and videos to find out about this important time in history.

BBC Bitesize—has recently updated their school and home learning pages with lots of great help for children.

Things to do

Could you make your own Viking Boat? Have a go at making a model in the style of a Viking long boat.

These Viking style brooches look fantastic. You could try making your own piece of Viking style jewellery.

If you enjoy baking you could look to make some Viking treats like this bread with honey.

Theme Day and Parent Showcase:
Thursday 11th June 2026

The Vikings

Year 3 Summer Term

We are learning ...

Maths

During the Summer term we will be improving our knowledge of number by focussing on Fractions. We will also look at Time, Properties of Shape and Measures including mass and Capacity.

NORSE MYTHOLOGY

GODS AND GODDESSES

English

In English this term, we will be spending time looking at different text types that include: Play-scripts, Non-Chronological Reports, Poetry and Fantasy stories. Children will also look at creating their own versions of these text types.

Science

The Science topics this term are Light and Forces and Magnets. We will focus on how we see things and how shadows are formed. We will also look at the force of friction and how magnets attract and repel.

Geography/History

Our Summer topic will look at key events from the Viking times and their effect on Britain today. We will also find out about Europe and Scandinavia.

Art/Design Technology

For Art and Design Technology this term we will be looking at Painting with watercolours, Using a view finder and making a Structure with a Mechanism. We will theme our work based on the Vikings

Computing

During our weekly Computing lessons, we will be looking at desktop publishing and also being able to create events and actions within different programs.

PSHE

During PSHE we will be looking at Valuing Differences, Keeping Safe and Money. We will learn about different risks and think about keeping ourselves safe and learn about saving money.

French

In French during the Summer term we will improve our French vocabulary learning about the days of the week and the months of the year.

Music

In music we will be looking at our new unit of work; Bringing Us Together. During this work we will continue to learn about playing different notes and different tempos.

PE

Children in year 3 will be looking at Games and Athletics during the Summer term. We will learn to work as a team, and prepare for the school sports day.

RE

In RE we will be finding out about Sikhism and Hinduism. We will focus on family in the Hinduism belief and discover what a Guru is in Sikhism and the importance of all Guru's in Sikhism.
